## Product Description

The Woodbury House Collection - We worked closely with our client Deborah, she had a clear picture of the bespoke furniture required for the Woodbury orangery. The table set consists of two end consoles, and two centre square sections, allowing the tables to be used in multiple combinations. Each table has a 10mm toughened glass top. The Regency Chair £298.00 (with round back design) performed well in this situation, a chair design halfway between a carver and a dinner, comfortable from starter through to pudding.
