Product Description

Willow Tree Seat - This willow tree seat sits under a favourite tree. Our client liked

to relax under the wind blown Willow, he said " it reminded him of the sea washing over a pebble beach". The Willow tree seat design has echoes of period gothic and is crafted with a lateral wire seat for comfort. We can craft a period or contemporary style seat for any favourite tree. Just mail me a picture of the tree and some dimensions or send a rough sketch, their are no limits.
